Duke University Press. Paperback. Book Condition: new. BRAND NEW, Incongruous Entertainment: Camp, Cultural Value, and the MGM Musical, Steven Cohan, With their lavish costumes and sets, ebullient song and dance numbers, and iconic movie stars, the musicals that MGM produced in the 1940s seem today to epitomize camp. Yet they were originally made to appeal to broad, mainstream audiences. In this lively, nuanced, and provocative reassessment of the MGM musical, Steven Cohan argues that this seeming incongruity - between the camp value and popular appreciation of the musicals - is not as contradictory as it seems. He demonstrates that the extravagance and queerness were deliberately built-in elements of these films and key to their popular success. In addition to examining the spectatorship of the MGM musicals, Cohan investigates their production and marketing, paying particular to the studio's employment of a largely gay workforce of artists and craftspeople. He reflects on the role of the female stars -- including Judy Garland, Debbie Reynolds, Esther Williams, and Lena Horne -- and he explores the complex relationship between Gene Kelley's dancing and his masculine persona. Cohan looks at how, in the decades since the 1950s, the marketing and reception of the MGM musicals have negotiated the more publicly recognized camp value attached to the films. He considers the status of *Singin' in the Rain* as perhaps the first film to be widely embraced as camp; the repackaging of the musicals as nostalgia and camp in the *That's Entertainment!* series as well as on home video and cable; and the debates about Garland's legendary gay appeal among her fans on the Internet. By establishing camp as central to the genre, *Incongruous Entertainment* provides a new way of looking at the musical.
